The Student Council's process of the cases:

001 – Constitution

What was discussed:

- No discussion in this case.

What was decided:

- The Student Council Board sets Sverre Leander Paulsen as chair of the meeting. Sverre is elected by acclamation.
- The Student Council Board sets Christian Engen as referent. Christian is elected by acclamation.

Comments:

No comments mentioned in this case.

002 – Meeting with the principal

What was discussed:

- The Student Council board is meeting the principal on Thursday.
- The students' golden opportunity to raise important matters:
    - The screen in 2MKA's classroom is struggling – the light flickers, etc. CK04
    - The projector's colours don't work – DK06
    - Still cold in all classrooms
    - Once again make it clear that teachers are not to take part in class meetings
        - The point of it is that it should be a safe place for the class to talk among themselves
        - In some cases the teacher has also picked other days without consulting either the class or the class representative.

003 – Posters

What was discussed:

- The Communications Officer has information to share:
    - When you put up posters, you must follow the guidelines.
    - First and foremost they have to be stamped at reception so that the school knows what you are putting up – otherwise they will be taken down.
    - They must also not be put up on windows, doors or on other people's posters.
    - When your event is over, make sure you take the posters down to avoid extra work for the cleaning staff.
    - Please don't stamp posters with faces on them.
    - Getting a stamp is easy: go up to reception and just ask them for one. Take responsibility if not all your posters get stamped.

What was decided:

-

Comments:

-

004 – School deposit return

What was discussed:

- We have got deposit-return bins!
- Make sure bottles and cans are emptied of their contents (liquid and rubbish).
- All the proceeds will be used to buy pads and tampons.

005 – OD and IW

What was discussed:

- Herman isn't here at the moment.
    - OD and International Week are over – yay.
    - Thanks to those class representatives who showed up and helped out.

What was decided:

006 – The Frigg cafeteria solution

What was discussed:

- We're wondering whether the cafeteria offering is any good – send us feedback of all kinds!
- Buying something is annoying – it's both wildly expensive and the signal is poor, so the food doesn't come out of the machine straight away.
- Several people miss having variety in the food, on top of it being VERY EXPENSIVE (we are students on a student budget, after all).
- We miss baked potatoes on Fridays (#wemissgunn)
- Class representatives are to ask their class what is good and bad about the cafeteria solution, and we'll convene next week to discuss this case once again.

007 – Miscellaneous

What was discussed:

- When will the winner of the OD/IW poster be announced?
    - A meeting is being held tomorrow to pick a winner – in other words, during this week.
- Let Hannah know if there is going to be a cake sale – Hannah Roset-Aag ❤️
    - This is to avoid several sales happening at the same time!
- Kubb tournament!(?)
- The deadline for the logo competition is tomorrow!
- When are the school jumpers coming?
    - Once the logo has been chosen, we will send out a message with a link (from University) where you choose what you want to order.
    - Any trousers and jumpers will be sent to the school (the Student Council office), where each student picks up their item.

The meeting is adjourned at

<u>Things to take up with the class:</u>

- <u>Ask your class what works and what doesn't about the Frigg cafeteria solution – the Student Council needs feedback to take to the school.</u>

- <u>The deadline for the logo competition is tomorrow – last chance to submit a design.</u>

- If your class is planning a cake sale, let Hannah Roset-Aag know first, so that several sales don't end up clashing.

- Poster guidelines: posters must be stamped at reception before being put up, must not go on windows, doors or other people's posters, and must be taken down once the event is over
