# Integration

- Most of your classes will be with UK students which is a great way to meet people.
- You will be invited to induction and welcome events
- Doing an activity outside of college is a great way to make friends e.g. music, amateur dramatics, kick boxing, football, scouts.
- We will help you to find clubs.

# Healthcare

- You will register with a National Health Service doctor (a GP) a few days after you arrive.
- If you need dental care, we help you to find a dentist. You will need to pay for dental care.
- We ask you and your parents to fill out a permission form. You are asked about relevant medical information e.g. allergies which you wish to share with us & host family.

# Host families

- We do our best to find you a suitable host family using information from you and from the host.
- Some host families have stricter rules than others and some Norwegian parents have stricter rules than others. Communication is paramount so that we get it right!
- If you want to be with a friend or alone in a family, we **try** to accommodate this.

# Host families

- all host families are security-checked.
- many host families have been hosts for several years.
- we visit all hosts regularly to check that everything is OK.
- we listen carefully to student feedback about host families.

# Host families

- Our host families are nice people who want to provide a friendly and supportive service.
- Just as students are all different, so are host families and sometimes, it just doesn't work out.
- If you are not happy in a host family and solution cannot be found, we do our very best to find you another family as soon as possible.
- **An early feedback opportunity for both students and parents after 4 weeks will be facilitated**

# Host families - payment

- The daily payment to host families is £25.00
- You pay for two weeks at a time, in advance. However, some people pay monthly, by bank transfer which is much simpler.
- During holiday times, if you are away, you pay a retainer of £87.50 per week.
- No retainer charge for Christmas holidays

# Host families - what you can expect

- An exchange of culture and knowledge with your family
- Your own room with a desk, a bed and storage space
- Breakfast and evening meal every day
- Wifi
- Laundry facilities
- Within a reasonable distance of the college, ideally within 8km where possible

# Parental permission

- We realise that sending your 16 or 17-year-old child to a foreign country to stay with unknown people may be difficult.
- Before their arrival, there are questions you should consider e.g. Are you happy for your child to stay with another student overnight?
- Or can your daughter / son stay in a hotel with their partner?
- These permission boundaries should be shared with the host families and the college too.

# Emergency contact

- Host families communicate with parents and guardians before September and during the programme.
- The college Duty Manager is on call for students, host families and parents in case of emergency evenings and weekends.
- The Duty Manager can contact the International Team if necessary.

# Transport

- Most students travel by bus from their host family to college. There are discounts for multiple day tickets
- Some buy a bike or borrow one from the hosts.
